Attn: Vital Statistics — Genealogical Services

198 N. Washington St.

Rome, NY 13440

RE: Application for Genealogical Services — Death Record

To the Office of Vital Statistics:

I am requesting a genealogical search for the following death record on file with the City of Rome. I have the exact date of death, so this should be a straightforward single-record search.

Name at Death: Anna Blackwell (also recorded in other documents as “Ann Blackwell” and “Annie Blackwell”)

Date of Death: October 31, 1905

Place of Death: Rome, New York (Oneida County Almshouse)

Approximate Age at Death: 52

Names of Parents: Unknown to me — this is part of what I am hoping the record will show. She was born in Ireland, approximately 1846–1854.

Name of Spouse: None; she was never married.

Purpose for which information is required: Family history and genealogical research.

My relationship to the person whose record is requested: Direct descendant (great-great-great-grandson).

Capacity in which I am acting: Family historian researching my own ancestry.

Enclosed with this request:

- A money order for \$22.00, payable to Rome City Clerk, for one genealogical search
- A photocopy of my valid driver's license

- A self-addressed, stamped envelope for the return of the record

If a record is found, please send an uncertified copy for genealogical purposes, as permitted for records of this age. If no record can be located under this name, please let me know so I can consider alternate spellings.

Thank you very much for your help with this.

Sincerely,

Robert Babcock
