

SHOT IN BREAST; CONDITION CRITICAL

**Hamilton Man at Paxton Hospital—
Operated Upon This Afternoon.**

John Landring, a railroad workman of Hamilton, was accidentally shot at the O. & W. station in this village about 5 o'clock yesterday afternoon, and later in the day he was brought to Paxton Hospital, where he is being attended by Dr. Glass.

Frank Gleichman, a student at College Academy, whose home is in Hamilton, was at the station there and carried a .38-caliber rifle. It is not known whether he was shooting at a mark of just taking aim, or whether he was shooting where his fancy dictated. In any event, he shot at the tool house of the railroad company and the ball passed through the building and hit Landring, who was working beyond the house, in the left side, the bullet lodging in the chest.

Landring was operated upon this afternoon. His condition is critical.

Coroner Dodd was notified of the case and last evening he took the depositions of William Russell, an Italian named Hyman, section hands, and Frank Gleichman, who came to Utica with Landring. Gleichman admitted that he was the one who fired the shot, but he said that he was not at the station at the time.

Landring was taken to the hospital and the ball was removed. The boys are about 15 years of age and evidently had no previous intention of shooting.

Landring is 22 years of age and is a section hand.

MR. SHURTLEFF'S WORK.

Cleveland, Y. M. C. A. Raised \$253.00 for San Francisco.

Cleveland, Nov. 12.—When the earthquake left only the corner stone of the San Francisco Y. M. C. A. building standing, the Y. M. C. A. through the associations of large Eastern cities for \$250,000 to re-establish the work.

Cleveland has contributed more than half of the required amount, \$125,000. John D. Rockefeller gave \$25,000. L. H. Severance \$2,500 and \$1,000 came from an unnamed source.

New York raised \$200,000 and the rest came from Pittsburgh, Chicago and Philadelphia.

"There was no difficulty in raising the \$253,000," said G. K. Shurtleff, secretary of the Y. M. C. A. of Cleveland.

The Y. M. C. A. of Cleveland is now building a handsome building and renew the work on the old building.

The G. K. Shurtleff mentioned was formerly general secretary of the Y. M. C. A. in this city. Mr. Shurtleff is a hard worker and has done much to advance the Y. M. C. A. work in Cleveland.

NO HELP FROM SHAW.

Wall Street Speculators Must Show in Their Own Grease.

New York, Nov. 12.—Secretary of the Treasury has determined that the Wall Street speculators who are in their own grease. He reiterated today his determination not to aid the money market at this time.

Secretary Shaw was quoted at the Sub-Treasury today. He made it plain that the present money stringency was brought about by stock speculators and that he did not propose to aid the money market. The Secretary used as a gambling bank. Secretary Shaw said that the position he made public last Saturday was unalterable and that unless conditions changed he would not aid the money market. Money on call was as high as 12 per cent. today, and brokers admitted that unless something was done to give relief the million dollar stock market would have to be unloaded. Drastic liquidation would mean a high money market and a big fall in prices before normal money conditions were restored.

GOT HIS DESERTS.

Black Hand Member Killed When He Demanded Money.

New York, Nov. 12.—Death by bullet was the answer made today to a demand for money by the "Black Hand." Threatened with assassination unless he gave up a sum of money, a young Italian stenographer, Arnesi himself with a revolver, and when Annunzio Ligato, a "Black Hand" member, tried to kill him because he refused to comply with the demand for money, he shot and killed him. Arnesi had saved a sum of money to bring his wife over from Italy. The "Black Hand" heard of his savings and sent him a letter to meet Annunzio Ligato with this money. Arnesi did as he was directed. When Ligato started to draw a revolver he flashed his gun and shot Ligato dead. Arnesi made no resistance to arrest. Coroner Acritelli says that Arnesi is a well-known member of the "Black Hand."

FIGHTING THE HEREROS.

German Officers in Africa Picked Off by the Native Marksmen.

Some oddities of campaigning against the Hereros in German Southwest Africa are detailed by Colonel Beyer of the general staff in some sketches which he has been publishing from his personal experiences in the field. One point that particularly impressed him was the readiness with which the Hereros and Hottentots snatched off the officers and long range shot.

"It wouldn't have been strange," said he, "if we had worn brilliant uniforms, saunas or other insignia of rank that we did in the presence of the enemy we were exactly the same uniform and equipment as our troops—suits of khaki and cork helmets with blue borders. We carried no armor. Every officer carried a rifle and a cartridge belt with 120 rounds of ammunition in it, exactly like the men. Many of us also wore bayonets. Hands, faces, hair, uniforms, weapons, everything came to be of the same earthy color. We often couldn't recognize one another and all sorts of funny blunders took place."

The natives seemed never at a loss to pick out the officers. Their extraordinary power of vision enabled them to detect the slightest signs of a change in the hand to control in advance of the reception of a report was enough to indicate rank.
